My husband and I signed up for a week of classes at the Piccola Università Italiana in Trieste, and were extremely impressed with the high caliber of its teachers, the wide range of cultural activities it offered, and the lovely setting of the school itself, conveniently located in vibrant central Trieste. The classrooms are comfortable and bright, and the school is beautifully organized. We loved our week of study there, and we feel that not only did our Italian improve, but our understanding of the culture as well.
